DEPARTMENT OF FOOD SCIENCE AND QUALITY CONTROL AND DEPARTMENT OF NUTRITION AND DIETETICS

(FOOD AND NUTRITION DEPARTMENT)

Industrial visit 2022-23

Date: 28-02- 2023

Time: 09 AM - 3 PM

Beneficiaries: M.Sc I year And B.Sc Food Science Final Year

Total Students: 51

Faculty Members: 02

Industry Name: Hindustan Coca-Cola Beverages, Masqati Dairy Products Limited,

Parle G Biscuit Factory and Chocolate factory

Objective of the Session

To provide an exposure to students about manufacturing steps and equipment used in Industries and to gain awareness about industrial practices.

The industrial visit was organized by Department of Food Science. A total of 51 students of Both Bsc And MSc Food Science participated in this insightful industrial visit. The primary objective of the visit was to provide students with practical exposure to the Various industries, specifically focusing on the production processes of various products such as Milk And Milk based products, Beverages such as coco cola, Biscuits and confectionary products. They were having the advanced and sophisticated machinery used in the production processes. This comprehensive exposure allowed students to witness the different stages of production, from raw material handling to final packaging. This interaction enriched the students' understanding of real-world applications of their academic knowledge. Overall it proved to be a valuable learning experience for the participating students. The students expressed their enthusiasm for more such industrial visit opportunities in the future.

**MSc and BSc Food Science students at

icmr

NIN

ICMR - National Institute of Nutrition आई.सी.एम.आर. - राष्ट्रीय पोषण संस्थान
Department of Health Research, Ministry of Health and Family Welfare, Govt. of India

Date: 20th October, 2022, Time: 10.00 am -2.00 pm

Beneficiaries: B.Sc Nutrition and Food Science Final Year

Total Students: 98

Faculty Members: 04 Industry Name: ICMR-National Institute of Nutrition, Hyderabad.

Objective of the Session

The industrial visit was organized by Department of Food Science. A total of 98 students of Both Bsc And MSc Food Science participated in this insightful industrial visit to ICMR_NIN (ICMR-National Institute of Nutrition), Hyderabad for the Students of B.Sc Nutrition and Dietetics on **20th October, 2022**, VI semester students total number 98 along with three faculty visited the ICMR lab & Museum. The students on the arrival were addressed and an AV of the history & research facilities of ICMR_NIN was played enlightening students on the long years history and the various research work and the equipment/instrumentation availability was made aware. Followed by this students visited the Nutrition Museum where they saw various models and the knowledgeable information about the epidemiological population of the country. The resource person was the scientist who is working in the Food Chemistry Lab in NIN. He showed around the various labs of the NIN and gave a overview on how various samples are collected and analysed with each lab, the sessions were interactive with active participation from faculty & students. The students gained knowledge about the various labs and equipment and general ideology of the research in the field of Nutrition.

Degree Final Year Food science and technology and Nutrition Students visited ICMR-National Institute of Nutrition, Hyderabad.

Industrial visit 2022-23

to

वैऔअप. केन्द्रीय औषधीय एवं सगंध पौधा संस्थान
CSIR-Central Institute of Medicinal & Aromatic Plants

Date: 3rd November, 2022

PPT Presentation

Chemical Applications

Polymers:

- composition of polymers is determined.
 - Melting point and glass transition temp can be determined
 - This can show the polymer degradation by lowering the melting point (T_m). Molecular weight/low grade (low melting point) can be determined.
 - Percentage Crystallinity
 - Thermal degradation and impurities
-
- Impurities in polymers can be determined by examining thermograms for anomalous peaks, and plasticizers can be detected at their characteristic boiling points.

Chemical Applications

Polymers:

- composition of polymers is determined.
 - Melting point and glass transition temp can be determined
 - This can show the polymer degradation by lowering the melting point (T_m). Molecular weight (low grade - low melting point) can be determined.
 - Percentage Crystallinity
 - Thermal degradation and impurities
-
- Impurities in polymers can be determined by examining thermograms for anomalous peaks, and plasticizers can be detected at their characteristic boiling points.

DEPARTMENT OF FOOD SCIENCE AND QUALITY CONTROL AND DEPARTMENT OF NUTRITION AND DIETETICS

Teachers Using ICT Tools Sample

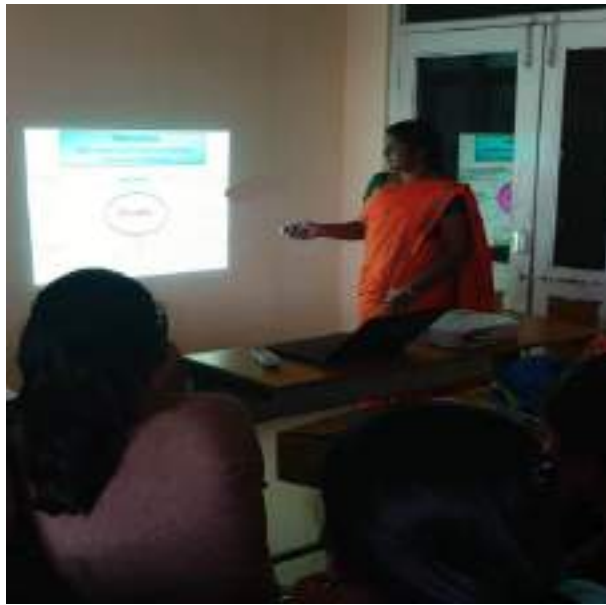

- ❖ Information and communications technology (ICT) is an important part of most organizations these days. Computers began to be used in schools and colleges in the early 1980s, and several scholars suggest that ICT will be an important part of education for the next generation. up-to-date technology offers many methods of enhancing classroom teaching and learning.
- ❖ Teachers use ICT enabled tools including online resources for effective teaching and learning processes
- ❖ Due to ICT's importance in society as well as in the future of education, identifying the possible challenges to integrating these technologies in our college and Department. The Usage Of ICT tools would be an important step in improving the quality of teaching and learning.
- ❖ The main objectives are as follow:
- ❖ Implementing ICT tools in teaching and learning in classroom.
 - II) To determine the challenges of using ICT tools in teaching and learning in the classroom among school teachers.
 - III) To identify that to what extent do teachers use ICT tools in teaching and learning in the classroom.
- ❖ We at our department are using the ICT tools which refers to the common technology-based tools that are using such as computer, **Laptop** , **LCD**, **digital photocopy machine**, **digital Audio and Video devices**, **digital camera**, **scanner**, **DVD player** and **multimedia projector**.

Teachers use ICT enabled tools including online resources for effective teaching and learning processes.

Use of Information and Communication Technologies (ICT)
