## POLICY FOR ADVANCED LEARNERS AND SLOW LEARNERS

### Assessment method of Advanced and Slow Learners

Vaagdevi Degree & P.G college, Hanamkonda, has taken up the mandate of catering to student diversity. As the college is a government institution, it serves students from diverse backgrounds -community-wise and locale-wise - who also have a wide range and variety in terms of interests, skills and abilities. The students may be roughly grouped into two basic categories, namely, those who are academically bright and those who are less capable. While the former may feel disengaged with the teaching-learning process, if it is not found intellectually challenging, the latter may be overwhelmed by the material provided, if it is found to be above their range of abilities. Therefore, the institution has the responsibility of working out strategies to promote learning in such a class of academically diverse students. These strategies have to address the needs of both groups.

#### Policy Statement:

The institution shall identify advanced learners and slow learners in every class and make special efforts to cater to their specific needs. While advanced learners will be provided with a wide range of tasks and activities that encourage them to perform better, slow learners will be given additional coaching/training to bridge the gaps in terms of abilities/skills.

#### Objectives:

- To identify advanced learners and slow learners
- To assign tasks/activities like study projects, seminars, etc., to advanced learners that encourage them to perform better
- To provide special classes, tutorials, remedial classes, notes, glossaries, etc., to the slow learners.

### **Implementation:**

The programme for advanced learners and slow learners is a very important activity that is followed very scrupulously by the college. The following steps are undertaken to ensure that all the students are benefited by it:

- The college takes various measures to understand the needs and requirements of the students before the commencement of the programme.
- At the entry level, the students are counseled at the time of admission, to gauge their learning abilities, etc.
- An orientation/induction programme is organized at the very beginning of the academic year, in which students are familiarized with the course, mode of internal assessment as well as facilities available in the college.
- Teachers are assigned to each class as the class-in-charge or mentor. These class mentors conduct informal assessments of the students, before the commencement of the actual course-work. This is done through regular class interactions where the students' potential is identified and various strategies are devised to reduce the gap in their knowledge and skills.
- The more formal assessments are undertaken in three ways:
  - Entry-level test.
  - Assessment based on the previous year's result.
  - Unit tests and /or internal assessments.
- The departments may choose any of the above-mentioned methods and then, the academic performance of the students are analyzed by the subject faculty/mentors. The students are segregated as slow and advanced learners on the basis of their academic ability. Accordingly, the following strategies are taken up for them:

### **Strategies for Advanced Learners (SAL):**

- Special assignments such as problem solving methods, field work etc.
- Enrolment in advanced courses like certificate courses, online courses, etc., for students interested in following up the course in more detail.
- Participation in Student study projects competitions and in house research projects.
- Student seminars and Power-point presentations.

- Participation in TASK programmes.
- Special coaching

### **Strategies for Slow Learners (SSL)**

- Remedial Classes & Tutorials
- Group discussion and interactions
- Personal and academic counseling
- Provision of course material and question banks
- Preparation of supplementary materials that explain the concepts in an lucid way
- Preparation of a glossary of terms that isolates key concepts and gives short definitions or examples
- Collaborative or peer learning, in groups and pairs, because advanced learners will have the opportunity to develop their skills in explaining and analyzing materials
- Slow learners will have a source of peer tutoring

**NAME OF THE PROJECT:** Edible bio plastic from papaya.

LIST OF STUDENTS:-		
S.NO.	Hall ticket No'	Name
1.	086223110	K- Shreesha
2.	086223105	D- Ranjith
3.	086223105	K- Sairam

7.	086223713	St- Arif pasha
8.	086223014	K- Sathwita.

PROJECT GUIDE:- M. Supriya.

**RESULT:** Since most edible packaging can be eaten or composted and can be biodegradable, it will not make landfills and cannot be broken down into microplastics in soil. So we successfully prepared edible bio plastic using gelatin and by adding papaya extract we flavored the bioplastic.

## NAME OF THE PROJECT: Phytochemical screening of *Andrographis paniculata*

List of Students:-		
S.NO	Hall ticket no.	Name
1.	086223705	K. Sairam
2.	086223707	Sai Krishna
3.	086223004	Ayesha Faheem

8.	086223010	J. Vinay
9.	086223710	P. Bhoomika
10	086223706	L. Vasavya

Project Guide: Mr. Supriya.

**RESULTS:** Phytochemical analysis of leaf extracts of *Andrographis paniculata* was done using various reagents to identify phyto constituents in sample. For this solvent extraction is carried out with leaf powder and then air dried and crude extract is collected followed by phytochemical tests. Carbohydrates, phenols, tannins, alkaloids are present in leaf crude extracts.

## **A brief report on one day National Conference on Soft and Nanomaterials (NCSNM-2023)**

The Department of Physics and Electronics organized the one-day international conference "National Conference on Soft and Nanomaterials (NCSNM-2023)" on December 6, 2023, in Block-B of Vaagdevi Degree and PG College in collaboration with the Internal Quality Assurance Cell (IQAC) of Vaagdevi Degree and PG College, Hanamkonda, India.

### **Inaugural session**

The inaugural celebration of the conference transpired on December 6, 2023, wherein Dr.G. Rajagrasad, the Head and convener of this event organized by the Department of Physics and Electronics, Vaagdevi Degree and PG College, Hanamkonda delivered the welcoming address. The primary theme of this conference was also disclosed by the convener at the time of the inaugural session. Dr Ch. Devedar Reddy, Secretary and correspondent of Viswambhara Educational Society presented the presidential address, wherein he extended his best wishes for the future endeavors of the participants. Our esteemed Academic Director Smt. Dr. Ch. Vahini together with our distinguished Principal Dr. A. Sheshachalam, Vice-Principal Dr. P. Harender Reddy, Dean-Faculty of Life Sciences Dr. G. Vikram honored the gathering of the International Conference on Physics of Emerging Materials (IVCPMEMM –2021). Asst. Prof. Ch. Dattatreylu, HOD-Commerce Department – Examinations Branch, had proposed a vote of thanks.

### **Technical Session**

Prof. Dr. D. Haranath from the Department of Physics, NITW, Telangana delivered the invited lecture of the first day, focusing on the Photoluminescence properties of nanocomposite materials. Asst. Prof. Dr. A. Srinivas Reddy of the Department of Chemistry-VDPGC chaired the first session. Asst. Prof. Dr. Vanga Ganesh from the Department of Physics King Khalid University-Kingdom of Saudi Arabia delivered a talk on the magnetic properties of nanomaterials during the second technical session. This session was chaired by Asst. Prof. M, Narasimha Murthy, Department of Physics and Electronics-VDPGC.

The third technical session was chaired by G. Madhukar. During this session, the speaker Dr. P. Madhukar from the Department of Physics, CMR Technical Campus, Secunderabad, India elaborated extensively on the crucial role of nanoscience and nanotechnology in the field of medical science-related devices. The fourth technical session of the conference was chaired by

M. Gopi Krishna from the Department of Physics and Electronics-VDPGC. The speaker of this third session was Asst. Prof. A. Srinivas Reddy, Department of Chemistry, Vaagdevi Degree and PG College. He focused during his talk on the interaction of incident radiation with the nanoparticles during the study of photocatalytic activity.

### **Valedictory Session**

In the afternoon, the valedictory Function commenced with the welcome Address delivered by the Convener of the event Asst. Prof. Dr. G. Rajaprasad, Department of Physics and Electronics-VDPGC provided a comprehensive summarized report on all the technical sessions to the participants. Following this, the Secretary and Correspondent-Viswambhara Educational Society Dr. Ch. Devender Reddy, Academic director Dr. Ch. Vahini, Principal Dr. A. Sheshachalam, Vice-Principal Dr. P. Harender Reddy expressed their heartfelt gratitude to the attendees. Subsequently, a Feedback session was held, during which the participants from various institutes from all over India were asked and invited to share their experiences regarding this event.

A total of 150 participants attended the conference, encompassing a diverse array of individuals from various fields. Attendees' overwhelming favorable reaction to the event encouraged the organizers to plan more academic conferences of a similar nature in the near future, realizing the importance of the organized event in promoting cooperation and information sharing. The organizers are therefore inspired to look into possibilities for holding further events of this kind. Lastly, I would like to thank the event organizers for making it a huge success.

**Dr. Ganesh Vanga**, Ph.D. in crystal growth and nonlinear optical materials from Kakatiya University, India, joined as an Assis. Prof. at King Khalid University, Saudi Arabia. His research interests include production of bulk crystals, nanocomposites, semiconductive materials, nano-metal oxide thin films/powders, and nano-catalytic materials; device design including photodiodes, photosensors and solar cells; graphene mass production. He published 225 papers with h-index 35, total citations 4424, and i10-index 125. He was listed in Stanford University's top 2% of the world's most-cited scientists in various discipline in 2021-2024.

**Dr. P. Madhukar** is currently a senior faculty member at CMR Engineering Campus, Secunderabad. He got his MSc from Osmania University, MTech in Meterological Engineering from NIT-Rourkela, and his PhD. in physics at the Department of Physics, Osmania University. He also published more research articles in indexed Scopus/ Web of Science internationals and has been a reviewer for several reputed international journals.

**Dr. A. Srinivas Reddy** is a senior faculty member in Chemistry at Vaagdevi Degree and PG College-Warangal. He has indeed established his research lab at Vaagdevi Degree and P.G. College and served as the coordinator for Research Center—VDPGC. He has more than twenty years of expertise teaching undergraduate and graduate students. He carried out his postdoctoral Research at IICT-Hyderabad from 2011 to 2014. In recognition of his achievements, K.U. He bestowed upon him the title of "Young Scientist Award" in 2018. Currently, he is supervising the work of two Ph.D. students. He has also served as a reviewer for many prominent journals. He has published over thirty research papers in reputable international publications and reviewed several national and international magazines.

**Department of Physics & Electronics**

The Department of Physics & Electronics was established in the College in 1993. The Department is involved in Teaching U.G. and P.G. students both Physics and Electronics. M.Sc (Physics) course was started in 2006 with a specialization in Electronics. The Department has a well-experienced, qualified, and motivated Faculty. The area of Research includes Nuclear Radiation Physics and Nano Materials. Our Department has strong Alumni and good Industry interaction.

**Vaagdevi Degree & PG College, Hanamkonda**

Vaagdevi Degree & P.G. College is Established in 1993. It is one of the Prestigious Educational Institutes catering to the Higher Educational needs of Telangana State and is Affiliated with Kakatiya University. Over the years, the College has earned the reputation of imparting high-quality education with a holistic approach to developing the overall personality of the students. There are 15 departments offering 20 Under Graduate and 8 Postgraduate programs. About 5000 students across the state study on the campus, with excellent Infrastructure in the form of State of The Art Library, Seminar Hall, Auditorium, and Laboratories apart from experienced and enthusiastic Faculty. In addition, seminars, Workshops, and Faculty Development Programmes are regularly conducted to benefit the students and Faculty.

**About the conference**

The conference streamlines how Nanotechnology experts may be inspired by industry-leading speakers and claim possibilities for overall growth to rekindle their enthusiasm and drive advancements in the area of Nanotechnology, regardless of experience or industry. The primary objective is to promote communication and build a shared vision to progress in the area of Nanotechnology. This task aims to bring specialists in each specialized profession while also allowing for cross-pollination and the exchange of ideas across closely related subjects.

**About the Speakers**

**D. Haranath** is currently a Professor of Physics at the National Institute of Technology (NIT) Warangal, INDIA. Previously, he served as Principal Scientist at CSIR-National Physical Laboratory, New Delhi, for about 18 years. He is the recipient of numerous awards and honors in Physical Sciences, including the NPL's Young Scientist Award in 2003, CSIR Young Scientist Award in 2004, DST's BOYSCAST Fellow Award in Physical Sciences in 2006, VIRA Distinguished Scientist of the Year in 2017, Fellow of the Luminescence Society of India in 2017, Academic Audit Member of VNIT (Nagpur) in 2017, Transfer of Technology Award in 2018, Visiting Scientist for Nanotheranostics Inc., USA (2019-2024), Grassroot Innovators Virtual Mela Award in 2020, National Innovative Research Excellence Award in Physics in 2022, and World Top 2% Scientists in Materials Science (2021-2023), among others.
