Industrial visit 2023-24

Date: 14th October, 2023, **Time:** 10.00 am -2.00 pm

Beneficiaries: B.Sc Food Science and Msc Food Science Final Year

Total Students: 50

Faculty Members: 03 **Industry Name:** Oshon - Dolphin Foods India Limited **Hyderabad.**

Objective of the Session

As part of the **Advanced Learning Criteria** for the **Food Science and Nutrition program**, the Department of Food and Nutrition organized a series of field trips during the **2023-2024 academic year**. These trips were designed to provide students with hands-on learning opportunities in real-world food science and nutrition contexts. The field trips offered invaluable insights into industry practices, food production technologies, and the application of theoretical knowledge in professional settings.

The visit to Oshon - Dolphin Foods India Limited was a valuable experience for the students, providing practical exposure to the intricacies of food processing and manufacturing. The insights gained will undoubtedly enhance their understanding and application of food science principles in real-world scenarios. The students extend their gratitude to Oshon - Dolphin Foods India Limited for their warm hospitality and the informative tour, and to the department faculty for organizing the visit.

A total of **50 Food Science and Nutrition students**, accompanied by **3 faculty members**, participated in these field trips throughout the academic year.

Report on Industrial Visit to Priya Dairy, Karimnagar

Date: 09th February, 2024, **Time:** 10.00 am -2.00 pm

Beneficiaries: B.Sc Food Science and Msc Food Science Final Year

Total Students: 40

Faculty Members: 03 **Industry Name:** Oshon - Dolphin Foods India Limited **Hyderabad.**

Objective of the Session

As part of the **Advanced Learning Criteria** for the **Food Science and Nutrition program**, the Department of Food and Nutrition organized a series of field trips during the **2023-2024 academic year**. These trips were designed to provide students with hands-on learning opportunities in real-world food science and nutrition contexts. The field trips offered invaluable insights into industry practices, food production technologies, and the application of theoretical knowledge in professional settings.

Introduction:

The students of the Department of Food Science and Technology visited Priya Dairy, a prominent dairy processing facility in Karimnagar. The visit aimed to provide students with practical exposure to dairy processing, quality assurance, and the operations of a modern dairy industry.

Objectives:

1. To understand the end-to-end process of dairy product manufacturing.
2. To learn about quality control measures in milk and dairy products.
3. To observe the implementation of food safety and hygiene practices.

Key Learnings:

1. **Milk Procurement and Quality Testing:**
 - Insights into milk collection from farmers and cooperative societies.

- Understanding of milk quality testing for parameters such as fat content, SNF (Solids Not Fat), and adulteration.

2. Dairy Processing:

- Step-by-step observation of pasteurization, homogenization, and chilling processes.
- Overview of the production of dairy products like butter, ghee, yogurt, and flavored milk.

3. Packaging and Storage:

- Demonstration of modern packaging techniques for extended shelf life and consumer appeal.
- Importance of maintaining cold chain logistics to ensure product freshness.

4. Quality Assurance and Food Safety:

- Importance of maintaining hygiene and sanitation in all stages of production.
- Understanding compliance with FSSAI (Food Safety and Standards Authority of India) guidelines and other certifications.

5. Sustainability Practices:

- Observation of water recycling, energy conservation, and waste management practices at the plant.

Conclusion:

The visit to Priya Dairy provided invaluable insights into the practical aspects of dairy processing and quality control. Students gained hands-on knowledge of the challenges and advancements in the dairy industry, enhancing their understanding of the field.

Acknowledgment:

The students express their sincere gratitude to Priya Dairy management for their guidance and support during the visit and to the department faculty for organizing this enriching experience.

Report on Industrial Visit to Hindustan Coca-Cola Beverages, Hyderabad

Date: 09-03- 2024

Time: 09 AM - 3 PM

Beneficiaries: M.Sc I year And B.Sc Food Science Final Year

Total Students: 51

Faculty Members: 02

Industry Name: Hindustan Coca-Cola Beverages,

Objective of the Session

Introduction:

The students of the Department of Food Science and Technology had the opportunity to visit Hindustan Coca-Cola Beverages, Hyderabad. The visit was organized to provide students with practical exposure to beverage manufacturing, quality assurance, and operational efficiency in a world-class production facility.

Objectives:

1. To understand the manufacturing and bottling process of carbonated and non-carbonated beverages.
2. To observe quality control measures and food safety practices.
3. To gain insights into modern packaging technologies and supply chain management.

Key Learnings:

1. Beverage Manufacturing Process:

- Detailed observation of beverage formulation, mixing, carbonation, and filling processes.
- Understanding the role of precise automation and high-speed machinery in achieving consistency.

2. Water Treatment and Quality:

- Learning about water purification and treatment techniques to ensure product safety.
- Importance of maintaining strict quality standards for water as the primary ingredient.

3. Quality Control and Food Safety:

- Overview of rigorous quality checks at every stage of production.
- Implementation of global food safety standards, including ISO certifications and HACCP principles.

4. Packaging and Labeling:

- Insights into advanced packaging technologies, including PET bottling, canning, and labeling.
- Importance of eco-friendly practices like lightweight packaging and recycling initiatives.

5. Sustainability Practices:

- Observation of energy-efficient systems, waste management, and water conservation practices adopted by the plant.

6. Supply Chain Management:

- Understanding distribution logistics and inventory management to meet market demands efficiently.

Conclusion:

The visit to Hindustan Coca-Cola Beverages provided a comprehensive understanding of beverage manufacturing and the importance of quality, safety, and sustainability in the food and beverage industry. The experience was highly beneficial in connecting theoretical knowledge with real-world industrial practices.

Acknowledgment:

The students extend their heartfelt thanks to the management of Hindustan Coca-Cola Beverages for their informative and welcoming approach and to the department faculty for organizing this educational visit.

Report on Internship at MSME Baking Technology, Hyderabad

Duration: 1 Month

Organized for: M.Sc. Food Science Students

Introduction:

A one-month intensive internship was conducted at MSME Baking Technology, Hyderabad, to provide students with practical training in modern baking techniques and operations. This program was designed to enhance the students' skills in baking and familiarize them with industrial baking standards and practices.

Objectives:

1. To learn the fundamentals of baking science and technology.
2. To gain hands-on experience in the preparation of cakes, cookies, bread, and other baked products.
3. To understand the use of modern baking equipment and quality control measures in the baking industry.

Key Learnings:

1. Basics of Baking Science:

- Understanding the role of key ingredients such as flour, sugar, leavening agents, and fats.

- Learning the chemical and physical processes involved in baking, such as gluten formation, emulsification, and caramelization.

2. Preparation of Baked Items:

- Practical training in the preparation of various baked goods, including:
 - Cakes: Techniques for mixing, baking, and decorating.
 - Cookies: Dough preparation, shaping, and baking for consistent quality.
 - Bread: Steps for fermentation, proofing, and baking artisan and commercial bread.
 - Pastries: Preparation of puff pastries, tarts, and pies.

3. Equipment Handling and Maintenance:

- Hands-on experience with industrial baking equipment such as ovens, mixers, and dough sheeters.
- Understanding the importance of maintaining equipment for safety and efficiency.

4. Quality Control and Food Safety:

- Learning methods to ensure consistency in product quality through accurate measurements and baking parameters.
- Understanding food safety guidelines, hygiene standards, and the importance of proper storage.

5. Creative and Practical Skills:

- Enhancing creativity in cake decoration and presentation.
- Gaining insights into troubleshooting common baking issues like uneven texture or incorrect rise.

Conclusion:

The internship at MSME Baking Technology provided students with a comprehensive understanding of baking technology. The hands-on experience in preparing various baked items and operating industrial equipment equipped them with valuable skills for careers in the food and baking industry.

Acknowledgment:

The students extend their heartfelt gratitude to MSME Baking Technology, Hyderabad, for their meticulous training and guidance. Special thanks to the faculty for their support and coordination in making this internship a success.

Advanced Learning Criteria

Report on Internship at Samraksha Hospital 2023-24

Duration: 3 Months (Jan –March)

Supervisor: Registered Dietitian Dt. Saritha Sree

Organized for: B.Sc. Nutrition Students (38 Students)

Introduction:

As part of the mandatory curriculum for B.Sc. Nutrition students, a three-month internship was conducted at Samraksha Hospital under the expert supervision of Dt. Saritha Sree. This internship aimed to provide hands-on experience in clinical nutrition, dietary management, and patient counseling.

Objectives:

1. To understand the role of a dietitian in a clinical setting.
2. To gain practical knowledge in nutritional assessment and dietary planning.
3. To learn the dietary management of various medical conditions.

Key Learnings:

1. Nutritional Assessment:

- Students learned to conduct anthropometric measurements and evaluate dietary histories.
- Practical exposure to calculating BMI, ideal body weight, and calorie requirements for patients.

2. Dietary Planning and Modifications:

- Developing individualized diet plans for patients based on medical conditions such as diabetes, hypertension, obesity, and renal disorders.
- Hands-on experience in planning therapeutic diets, including low-sodium, low-protein, and high-fiber diets.

3. Clinical Nutrition Practices:

- Observing the nutritional management of critically ill patients in ICU, including enteral and parenteral feeding.
- Understanding the importance of nutrient timing and portion control in recovery.

4. Patient Counseling:

- Learning effective communication skills for dietary counseling.
- Educating patients and their families about the importance of nutrition in managing chronic diseases.

5. Food Service Management:

- Gaining insights into hospital kitchen operations and meal preparation protocols.
- Ensuring food safety and hygiene compliance during meal preparation and distribution.

Conclusion:

The internship at Samraksha Hospital was a transformative learning experience, equipping students with essential skills in clinical nutrition and patient care. The guidance of Dt. Saritha Sree ensured a deep understanding of the practical applications of nutrition science in a healthcare setting.

Acknowledgment:

The students express their gratitude to Dt. Saritha Sree for her mentorship and Samraksha Hospital for providing an enriching platform for experiential learning. Special thanks to the faculty for their support and coordination in organizing this mandatory internship.

Department of BOTANY

FIELD TRIP

The Department of Botany, Vaagdevi Degree & PG College, Hanumakonda regularly conduct the field trip to the students as in the part of curriculum and it is mandatory; and the final year Students of B.Sc. Botany, Vaagdevi Degree & PG College, Kishanpura, Hanamkonda visited the Blackberry area (Pasra), Mallur-Medicinal Plant Conservation Area (MPCA) hill area and Tadvai forest area and Ramappa temple on 5th November, 2023, under the able guidance of our beloved teachers Dr Sateesh Suthari, Mrs. R. Bhargavi, Mrs. A. Kavitha, Mrs. K. Manisha, and lab assistants Mr G. Mogili, Mr Sadanandam from Department of Botany and other departments of the college.

We collected the plant specimens of timber yielding plants, fruit bearing plants, nuts, beverages and highly medicinal value plants from Mallur hill region and Eturnagaram wildlife sanctuary; and other visited places to make herbaria. The information is explained about the medicinal value and other important plants that are used for human as well veterinary purposes, food plants, fibre, vegetables, procurement of non-timber forest products (NTFPs), etc. by our beloved faculty.

Forest types of visited areas: It is tropical dry deciduous type dominated by *Terminalia alata*, *Diospyros melanoxylon*, *Chloroxylon swietenia*, *Hardwickia binata*, *Lannea coromandelica*, *Gitonia floribunda*, *Cleistanthus collinus*, *Madhuca longifolia* var. *latifolia*, *Combretum albidum* and *Terminalia arjuna* along the stream.

Observation: It is observed that on the name of development, the construction of guest house, stairs to temple, laying pathway to Chintamani jalapatam (waterfall) and Chenchulaxmi jalapatham made the core areas of the hill region disturbed in Mallur hills. And also observed that the intrusion of invasive alien species into the core areas of forest regions is destroying in all the sites, mainly by *Hyptis suaveolens*, *Chromolaena odorata*, *Parthenium hysterophorus*, *Lantana camara*, *Tridax procumbens*, *Cyanthillium cinerium*, *Acmella paniculata*, etc.

Principal

Inference: It is all of our primary responsibility to utilize the nature and natural resources in a sustainable way and conserve the native microbial, floral and faunal diversity (biodiversity) from various threats caused by anthropogenic pressures.
