## Role of media in ensuring gender equality

### Role of media in ensuring gender equality by Dr. .SANDHYA RANI

Dr. sandhya an eminent speaker has the capability of motivating the students. She clearly explained the role of students in colleges and alerted them from deviating from their path. She also asked the parents to play direct part in the career of the children and be partners in their development by encouraging them in every stage of life. The media has the capability of shaping societal perceptions, gender and can either hinder or promote gender equality.

The media promote a gender equality by creating gender-sensitive content, challenging gender stereotypes, and showing women in leadership roles. Gender equality empowers individuals to break free from harmful stereotypes and pursue their dreams, regardless of societal expectations. Achieving gender equality requires women's empowerment to ensure that decision- making at a private and public levels and access to resources are no longer. Choosing a goal is a first step to remain motivated and to achieve.
